

# WEBEX CALLING & UCM CLOUD CALLING

## DOMESTIC VOICE PRICING WHEN ORDERING CCP ONLY

### Each telephone number (DiD) includes the following:

- 250 minutes of domestic voice usage
- Usage pooled across all users per end-customer per country
- Local / national land-line / mobile
- Fraud prevention
- International usage is extra
- Emergency services
- Lawful intercept

### Minimum requirements: Customer size and incentives

- Minimum 250 DiDs per customer via VAR channel
- Additional numbers ordered in 10 DiD increments\*
- USD \$500-800 OTC per country per customer (applies to both direct and VAR ops)
- **Incentive payments of 10% start once the VAR exceeds US\$10,000 in monthly billing**
- **Target customer:** Medium-large multinational requiring services in multiple countries (2,000 knowledge workers or greater)
- International pricing is billed based upon usage and rates are available upon request
- Per minute pricing available upon request for customers who prefer per minute pricing for domestic calling instead of a monthly charge user / DID

\*Exceptions for minimum incremental DiDs: Australia (20), Poland (100), Thailand (30), and South Korea (100)
